

Pre Apprenticeship Programme – Flyer to go to schools

Content

Have you ever wondered what happens in our state of the art training facility in Bridgnorth? Would you like to find out more about apprenticeships and whether it's the right route for you? Well we have developed a Pre Apprenticeship Programme to allow you to fully explore the apprenticeship route.

Applications are now open for our new Pre Apprenticeship Programme. The programme is open to students currently studying in Year 10, 11, 12 and 13 and who study in either Shropshire or Telford and Wrekin.

The Pre Apprenticeship Programme will take place over a week and will allow you to gain a full understanding of the apprenticeship routes across all sectors within Engineering and Manufacturing.

The programme has been developed to enable you to fully explore and gain invaluable hands on experience of potential apprenticeship progression routes. During the week you will be involved a programme of workshops linked to:

- Health and Safety
- Pneumatics and Hydraulics
- Machining Techniques
- Electrical Engineering
- Welding
- Advanced Manufacturing Techniques
- Business Development and HR
- Apprenticeship application process
- Interview Techniques
- Meet link businesses

By the end of the programme you will have gained key skills, knowledge and understanding to enable you to make a more informed choice. The week will support and develop your skills and knowledge across the range of sectors within Engineering and Manufacturing and also give you the key employability skills to enable you to be successful in applying for a apprenticeship, job or training course dependent on what you decide.
